University gives you future!

Dear friends!

Our university is one of the leading multidisciplinary scientific and educational centers in the Republic of Uzbekistan, which is currently developing good quality personnel for our country.

During the activity of the educational institution has been making a significant contribution to the education, science and culture of the region. This great task is being accomplished through the honorable work of a team of highly qualified intellectuals and professionals.

The success of our university graduates in various fields is a clear indication of the quality of our educational institution, its effectiveness in shaping the education, science and modern human resources.

**Sincerely,
Rector of Gulistan State University,
Doctor of Technical Sciences, Professor
M.T.Hodjiev**

Syrdarya region

Gulistan State University is located in Gulistan, the administrative center of the Syrdarya region.

Gulistan city was founded on August 5, 1963, with total area of 36.2 sq.km. The city has over 80,000 inhabitants. Gulistan is located on a convenient crossroads and has modern railway and motorways. This creates opportunities for foreign students to visit the cultural heritage sites in the Republic quickly and easily.

Located in Mirzachul, Syrdarya region, it was established in 1963. Syrdarya region borders on Kazakhstan in the north, Tajikistan on the south. The area of the Syrdarya region is 4.3 thousand sq. Km and occupies more than 700 thousand inhabitants. Uzbeks (60%), as well as Kazakh, Tajik, Russian and more than 70 nationalities live in the Syrdarya region. 1 sq. M. km per 159 people.

University history

Gulistan State University was founded on the basis of the Syrdarya State Pedagogical Institute (SDPI), which started its work for the first time in 1965. There are Uzbek, Kazakh, Russian and Tajik schools in the multinational old Mirzachul region, where there is a lack of pedagogues and scientists, the foundation of a higher education institution in the country. In the first year at the institute 400 students have been admitted to the Faculty of Philology. There are 5 chairs in total. Depending on the need for staff, the faculty has opened departments of Uzbek, Russian, Kazakh and Literature and foreign languages. In the first year, there were 30 teachers (5 candidates of science).

In 1992 by the Decree of the President of the Republic of Uzbekistan Gulistan State University was founded on the basis of the Gulistan State Pedagogical Institute.

University today

Faculties - 7 units

- 1 **Philology**
- 2 **Physics and Mathematics**
- 3 **Pedagogy**
- 4 **Natural sciences**
- 5 **Socio-economic**
- 6 **Physical culture.**
- 7 **Production technologies**

Bachelor's degrees of education

1. Foreign Language and Literature (English);
2. Mother tongue and literature (in Russian and literature groups);
3. Philology and language teaching (Kazakh language);
4. Philology and language teaching (Uzbek language);

Research and innovation activities

In order to further develop and strengthen the integration of science, education and production into the university, 18 innovative groups have been established and cooperation agreements with 52 organizations, enterprises and institutions of the Republic have been signed.

Scientific laboratories

The University's seven research laboratories are focused on establishing scientific cooperation, studying and addressing local and regional issues. Leading professors and associate professors are leading these laboratories.

Soil chemistry

Introduction of modern information technologies in educational process

Organic Substances Chemistry

Pedagogical Innovation Center: Laboratory

Experimental biology

Plant ecology

Laboratory of semiconductor and geliophysics

Material and technical base

At Gulistan State University: 5 educational buildings are equipped with modern computer classes and multimedia audiences. 19 training laboratories are functioning.

**19 training laboratories are functioning.
The total area of training and laboratory
rooms is 976 sq. m**

**Linguaphone classes are 1, computer
classes are 21, number of computers is 596,
and number of computers connected to
Internet 431.**

**Number of student dwellings is 2, number of
places is 1100.**

**Meal Facilities for Students: Number of
canteens: 1 (250 seats); The number of
buffets is 3 (90 seats).**

Sports complexes: 2 indoor halls, 5 open spaces.

**There is Gulistan City Academic Lyceum under the Gulistan
State University. The University has introduced such systems as
document exchange, e-university, full-text download of existing
textbooks and textbooks.**

RENES

Erasmus+

SPIRITUAL AND EDUCATIONAL ACTIVITIES

There is a spiritual and enlightenment work under the slogan "Education is closely linked with education" at the University. At present there is the Department of Spirituality and Enlightenment under the Vice Rector for Youth Affairs, as well as the Deputies of Deputy Deans for Youth Affairs at each faculty.

The working hours of every week on Tuesday are defined as the day of spirituality on the first Thursday of each month, as practical methods of studying in the spiritual and educational fields at the University. In addition, monthly meetings are held with various spiritual activities, including meetings with prominent poets, writers and scholars. There will be various competitions such as "Reading", "Patriotism", "Ball girls", "Cheerful and resourceful".

Museum

The Museum of Memory of the Victims of Repression has been established at the Gulistan State University, which is a part of the history of the ancestors, the history of the region and the university, which is the victim of the repressive policy of our Motherland, and plays an important role in the spiritual development of the students. At this museum, a special creative group is studying the history of the region.

SPORT

There are various sports clubs under the Faculty of Physical Culture at Gulistan State University. The members of these clubs are world and Asian champions, sports masters and coaches in various sports.

Today, the achievements of athletes in the field of sports are a great indication of the fact that there are sufficient conditions for physical training and sports in the University.

Life of students

Gulistan State University has all the conditions for students to study, live, study, engage in sports and cultural excursions, to meet with students in various contests, intellectual games, quizzes, leisure and celebratory events, sports competitions, and creativity. is being transferred.

In addition, the functioning of different circles at each department allows students to gain a deeper understanding of the subject. These clubs are based on the "master-apprentice" system.

YOUTH UNION

The Youth Union of Uzbekistan was established in accordance with the decision of Youth Movement "Kamolot" on June 30, 2017. The primary organization of the Youth Union of Uzbekistan was established at the founding meeting No.1 of the Primary Organization on September 4, 2017 and was registered by the Union of Gulistan City Council and issued G01258.

Strengthening the youth in the country's democratic, political and economic reforms, strengthening peace and harmony in the society, involving Uzbekistan in the world of developed countries, ensuring effective protection of rights, freedoms and legitimate interests of the younger generation, raising the spiritual and professional level of girls , to help them realize their intellectual and creative potential.
